

Odes 2 Oaks

OUR OAK TREES NEED YOU!

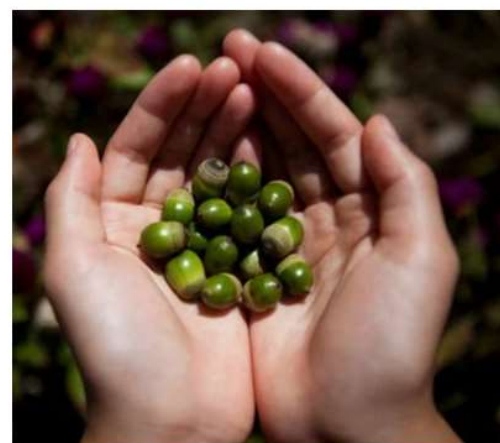

What is Odes 2 Oaks? Odes 2 Oaks is way to celebrate the value of Britain's oaks and oak woodlands.

But why? Oaks face several threats from pests and diseases, including Acute Oak Decline. Unchecked, such threats could result in oaks being lost from our streets, parks and countryside. Odes 2 Oaks aims to demonstrate that our oaks are too valuable to be lost. Your contribution is needed to strengthen the case for their protection. So if you care about oaks or oak woodland, please get involved. Our oak trees need you!

How do I help? You can submit your ode or tribute to oaks in many different forms; it could be a photograph, a sketch or a painting of part of an oak, your favourite oak tree or even an oak product. It could be a letter, a poem, a song, a short story or a heartfelt message about how oaks make you feel or the value of oaks to you or society... it's really up to you!

You can also help by spreading the message and encouraging others in your communities to get involved, such as friends and family, schools, parish councils, work colleagues and membership networks. The more submissions received, the stronger the case for protecting oaks!

What's in it for me? By participating you're not only helping to protect Britain's oak trees, you'll also have a chance to win a £25 voucher for outdoor clothing/equipment or horticultural goodies – perfect for helping you to experience and connect with nature!
